

**Children's CARE Services is offering
a one-day workshop on:**

Ages & Stages Questionnaires® (ASQ)

Ages & Stages Questionnaires are a screening tool that can be easily implemented by parents and caregivers, which helps to identify a child's strengths and any areas where they may need more support or practice.

**October 17th, 2009
9 a.m. – 4 p.m.**

If you're a preschool teacher, daycare worker, day home provider, or anyone else who works with children from birth to 5 years old, this workshop is for you!

This training will include the answers to many questions, such as:

- Why would we provide developmental checkups for children?
- What is the ASQ?
- How do we administer the ASQ?
- Is there a benefit to engaging families in screening?
- How will I know if something is truly a concern?
- How do we effectively share concerns with parents?
- How do we refer children for further services?

By the end of the day, you will be able to

- Administer & score ASQs
- Understand the features of the ASQ
- Answer common questions concerning the ASQ
- Know when and how to refer a child for further assessment when necessary
- Know the answers to all the questions above

Location: To be determined, Lethbridge, AB

Please register by Friday September 4, 2009 by filling out the following registration form and emailing to Anne Teslak [anne.teslak\(2\)@albertahealthservices.ca](mailto:anne.teslak(2)@albertahealthservices.ca) or faxing to Anne 403-328-5139.
