

Grow Along With Me

Wondering about your child's development?

By participating in a developmental checkup in your community, you can determine if your child is achieving his or her developmental milestones and will be prepared to arrive at preschool/kindergarten ready to learn.

All parents with children between 2.5 and 5 years of age are encouraged to participate and learn more about their child's development and the community resources and programs available.

Book your 2009 appointment today.

Date	Location	Registration	Phone
